Korrigerande åtgärder initierades vid förra revisionen är införda och effektiva. Avvikelsen är stängd. Inga ytterligare åtgärder behövs.

Del 5: Revisionens utförande - Spårbarhet

Sammanfattning

Denna uppföljande revision har genomförts enligt en flerårsplan Intertek upprättat för företagets revisionsaktiviteter. Revisionen har följt en detaljerad checklista där samtliga tillämpliga standardkrav omfattats, denna har också omfattats av kontrollen gjord av en oberoende teknisk granskare. Denna checklista är konfidentiell men kan lämnas ut på begäran, efter bedömning av Intertek, i det enskilda fallet.

I årets revision besöktes företagsledningen vid huvudkontoret i Järpen samt. Revisionen omfattade dokumentationsgranskning, personintervjuer och fältbesök i skogen. Fältbesöken lades i år inom Åre kommun. Skogsbruksåtgärder som utförts i företagets regi bedömdes genom fältrevisioner i 4 st olika objekt.

Notera att FSC redovisas i separat rapport.

Ansvar och organisation

Företaget har tydligt definierade ansvarsområden när det gäller organisationens system för spårbarhet. Respektive rådgivare har ett totalansvar gentemot skogsägaren från avtalskrivande, genomförande av skogsåtgärd till slutredovisning. Sedan förra revision har organisationen nyanställt en ansvarig för ledningssystem och certifiering.

Olika former av personalmöten hålls bland annat verksamhetsmöten och produktionsmöten med entreprenörerna.

Kontroll av lista över entreprenörers certifieringsstatus med stickprov på entreprenörer (E1604, E1645, E3228, SE1829 och SE1014) både för avverkning och skogsvård visar på god kännedom om arbetssätt och rutiner.

Vid intervju bekräftades arbetssättet hur företaget arbetar med att försäkra sig att personal har tillgång till för årstiden lämpligt boende.

Företaget planlägger några få skogsbruksplaner och framförallt för fastigheter som de förvaltar.

Företaget är ombud till Skogscertifiering Prosilva AB och ansluter skogsägare till PEFC paraplyet. Sedan förra revisionen har de inte anslutning någon ny fastighet.

Företaget använder inte PEFC eller Interteks logo utan anger bara på sin hemsida att de är PEFC

certifierade.

Ledningssystem, ledning & aktiv styrning mot företagsmål

Revisorns bedömning är att definierat scope är lämpligt och korrekt för företagets verksamhet.

Granskat ledningssystem bedöms innehålla samtliga relevanta delar och från intervjuer med, och demonstrationer från, VD och rådgivare tycks det även vara väl implementerat, tillgängligt och strukturerat.

Företaget har ett systematiskt arbete med avvikelser och klagomål i sitt affärssystem. Vid revisionen granskades flera avvikelser.

Under revisionen granskades protokoll från ledningens genomgång, daterat 2022-08-17 vilket innehöll alla relevanta delar.

Företaget bedöms ha ett aktivt arbetsmiljöarbete och anlitar Företagshälsovård. Personalen tränar regelbundet tillsammans med en Personlig tränare. Personalen hanterar och de förvarar kemikalier på ett säkert sätt i särskilt utrymme och tillgång finns till säkerhetsdatablad.

Personalens kompetens administreras genom en väl strukturerad och tydlig utbildningsmatris. Skyddsombud är utsett och senaste skyddsronden genomfördes 2022-08-03. Utvecklingssamtal sker med varje medarbetare årligen.

Spårbarhet & undvikande av kontroversiella källor

Företaget har ett system för spårbarhet och due diligence som bedöms motsvara alla krav i spårbarhetsstandarderna och EUTR. Genom intervju med köpare och VD framgick att personalen har god kännedom om vad kontroversiella källor innebär och vad som krävs för att undvika dessa.

Det finns en utbildningsmatris som är komplett med medarbetares SYN kurser och Naturvärdesbedömning.

Rutiner finns och beskriver när Naturvärdesbedömningar och samråd ska genomföras, vid revisionen granskades exempel på Samråd med Samebyar, vattenskyddsområde, fornminnen och höga naturvärden. A35849-2020, A46978-2020, A22974-2022, MIL2021.839 och MIL2022.749

Ursprunget söktes fram i Viol genom aktuellt virkesordernummer och gällande koordinater kunde uppvisas i karta och att inte fanns nyckelbiotoper på markägarens fastighet.

Export sker till Norge och dock är det köparens ansvar att säkerställa att handelslagar och tullkrav efterlevs.

Del 6: Revisionens utförande - Skogsbruksverksamhet

Sammanfattning

Fältbedömningar av skogsbruksverksamheten

I fält besöktes 1 st trakt som föryngringsavverkats, 1 pågående föryngringsavverkning, 1 st gallring och 1 planerad gallring.

Vo 85798312, väl utförd gallring hos en dubbelcertifierad markägare.

Vo 85788813, pågående föryngringsavverkning. Gott om högstubbar med gränsfall med utvecklingsträd, dock har skördaren sparat mycket väl lämpliga träd. Bra kantzon mot sjö.

I traktdirektivet och karta har planeraren lämnat ett område till skördaren att avgöra om lämpligt. Bedömning i fält är att området inte bör avverkas.

Vo 85809799, planerad och bandad gallring ovanför fjällnäragräns. I stort sätt ett rent Contorta bestånd.

Vo 85753025, utförd föryngringsavverkning ovanför fjällnäragräns. Väl utförd med mindre spårbildning som entreprenör rapporterat vid återrapport. Granskning av dokument från Skogstyrelsen gällande samråd. A46978-2020

I samband med dessa fältbesök granskades även traktdirektiv, vilka kunde konstateras motsvara kraven och utgöra gott underlag för aktuell skogsbruksåtgärd.

Entreprenörer återrapporterar i Forestbase med några få undantag men återrapport inkommer på annat sätt.

<p>6.3.3 The calculated certified content shall be used in the PEFC claim “X% PEFC certified”.</p> <p>Example: 54% certified content for a specific claim period means that all products covered by the product group (during this claim period) can be sold with the claim “54 % PEFC certified”.</p> <p>Note: There is no minimum threshold for certified content in order to communicate “X% PEFC certified” on invoices. However, minimum thresholds for the use of the PEFC trademarks on-product. See PEFC Trademark CHK below.</p>	
<p>6.3.4 The organisation may apply the percentage method as rolling percentage.</p> <p>6.3.5 For rolling percentage, certified content shall be calculated for a coming claim period, using purchases from a preceding period. Coming claim period shall not exceed 3 months, preceding period shall not exceed 12 months.</p> <p>Example: An organisation that has chosen a 3-month claim period and a 12-month input period calculates the certified content for the coming three months based on the input material procured in the previous 12 months.</p>

DUE DILIGENCE SYSTEM FOR THE AVOIDANCE OF MATERIAL FROM CONTROVERSIAL SOURCES (2002:2020, APPENDIX 1)

Collapse if Not Applicable	N/A
1 General Requirements	
1.1 The organisation shall operate a Due Diligence System (DDS), in accordance with Appendix 1. To ensure that activities conform to timber legality legislation, trade and customs laws and to minimise the risk that material originates from controversial sources.	<input checked="" type="checkbox"/> C <input type="checkbox"/> Obs

<p>1.2 The PEFC DDS shall be implemented for all inputs covered by the organisation’s PEFC chain of custody and PEFC product groups, except for recycled material. NOTE: The DDS can be implemented by an organisation for forest and tree based products from forests under its own management.</p>	<input type="checkbox"/> Minor NC <input type="checkbox"/> Major NC
<p>1.3 The organisation shall implement the PEFC DDS in three steps: a) gathering information b) risk assessment c) management of significant risk supplies</p>	<input checked="" type="checkbox"/> C <input type="checkbox"/> Obs <input type="checkbox"/> Minor NC <input type="checkbox"/> Major NC

<p>2 Access to information</p>	
<p>2.1 The organisation shall have access to the following information from its supplier(s): a) Identification of tree species included, or list of tree species potentially included, in the material/product by their common name and/or their scientific name where applicable. b) Country of harvest of the material and where applicable sub-national region and/or concession of harvest.</p> <p>Note 1: Scientific name is required when use of common name could pose a risk of wrong identification of the species. Note 2: Use of a trade name of species is considered as equivalent to the common name in cases where all species covered by the trade name have an equivalent risk of originating in controversial sources. Note 3: Access to the sub-national level of the material origin is required when sub-national regions within a country represent a different risk relating to the controversial sources. Note 4: The term “concession of harvest” refers to a contract for harvest in a geographically defined forest area. Note 5: The term “country/region” is further used throughout this clause to identify a country, a sub-national region or a concession of harvest of the material/product origin.</p>	<input checked="" type="checkbox"/> C <input type="checkbox"/> Obs <input type="checkbox"/> Minor NC <input type="checkbox"/> Major NC
<p>2.2 The organisation shall, upon request from entities further down the supply chain, provide the information in 2.1 for material passed on with a PEFC claim. TRADEMARK USE

PEFC ST 2001:2020 / 2002:2020, TRADEMARKS USAGE LICENSE

PEFC ST 2002:2020, 5.3.2 The organisation has obtained a valid trademark license.

6.2.1 The PEFC trademarks shall be used under the authority of a PEFC trademarks usage licence.

Evidence: License number is a unique number, issued by PEFC or authorized CB.

6.2.2 A licensing agreement shall be signed between the organisation and the PEFC Council or PEFC authorised body.

Evidence: Review signed trademarks usage contract.

6.2.3 The licence number shall accompany the PEFC trademarks when they are used.
Exception: When passing on claims, the license code does not need to be included.

Example: We procure PEFC certified material (PEFC/XX-XX-XX)".

Note 1: In promotional purposes, where the initials "PEFC" is used in a text, the PEFC license number may appear only the first time the initials are used. A PEFC label with the license number on the same page is sufficient.

Note 2: Req. is not applicable for use in press articles or for scientific papers.
